- Do not feel like you need to answer every question right when it is asked. You can ask the group if anyone has any thoughts and then guide the conversation to the answer. Follow up with the camper to see if that helped them and you can let them know that you can talk more later about it. Make sure you follow up with them later if needed.
- Do not always feel you need to have an answer. If your camper asks a question and you can not answer it with support from scripture, it is always good to let them know that is a great question and that you will get them an answer ASAP. Make sure you and the camper or you go to the TLC, Speaker, or Camp Director to try and find the answer.
- Always pray before and after cabin time. Give your campers opportunities to ask for prayer, and to pray for one another
